

Federico Gil de Muro

FULL STACK DEVELOPER

Junior Full Stack Developer with a strong technical background and hands-on experience building websites for clients as a freelancer. Seeking to join a team where I can apply my knowledge in web development, continue learning, and contribute with my problem-solving skills, effective communication, organization, and fast learning ability.

WORK EXPERIENCE

Freelance Web Developer | April 2025 - Present

Design and development of static websites for individual clients, with a focus on responsive design, accessibility best practices, and SEO optimization.

University Professor | UTN-FRMDP | 2011 - Present

Designed digital learning materials and actively used virtual platforms. Gained strong skills in clear communication, teamwork, and adaptability.

Lawyer | Private Practice | 2007 - Present

Analyzed and solved complex problems, wrote precise legal documents, and developed logical reasoning. Maintained confidentiality and worked under pressure.
